

Brown County, Indiana

Marriage Records

1836 to 1942

The marriages listed in this book, were taken from original marriage license books in the Clerk's Office of Brown County, Indiana.

Marriages are listed as sorted by Groom, and sorted by Bride.

Any license issued and not verified by proper return notification is marked with an asterisk (*). This means a license was issued and the date is for the issued date only.

A double asterisk (**) is for names that may have been transposed. (Last name with First name), or other reasons.

Spelling has not been corrected. Researchers should check all possible variations. Penmanship, faded recorders, spelling and errors in transcribing information may have created misinterpretations

The volunteers that have created this file cannot be held responsible for errors.
