

Eva "Vena" Abbott was the child of William "Bill" Abbott and Mary E Pyle. She is buried with her husband Clarence Decker born 1913. He died in 1971 in IN. His death date is not inscribed on the tombstone so perhaps he was buried elsewhere or the tombstone was never inscribed with his death date. Her father who died only a few months ahead of her is in the grave next to her-on the left side of the picture. Eva and Clarence have a living daughter as of 2007.
