

One week ago last Sunday David E. Doty was kicked by a horse from the effects of which he died Wednesday evening August 31st.

He had been very unfortunate in his life, having suffered for years from the effects of being struck on the head with a pulley that broke while he was in close to it, while working in the butter tub factory. He never fully recovered from its effects.

He leaves a sorrowing mother, three brothers, three sisters and a large circle of friends to mourn their loss which we hope is his gain.

Funeral services were conducted by Rev. F. Hofferbert.

Jay County Republican, Jay County, IN; September 1, 1892
